

JOB DESCRIPTION

ESS Executive - AI Governance & Risk Network

Engagement Model: Project-Based | Contract-Based | Advisory Opportunities | Training Assignments | Executive Placements

Location: Global | USA | Vietnam | Hybrid & Remote Opportunities

About the Network

The ESS Executive - AI Governance & Risk Network is an exclusive community of governance leaders, risk management professionals, compliance experts, AI strategists, legal advisors, and technology executives dedicated to ensuring the responsible and trustworthy adoption of Artificial Intelligence.

Designed for professionals responsible for AI governance, risk oversight, compliance, and digital trust, the network provides access to leadership opportunities, consulting engagements, governance programs, and executive advisory initiatives across industries and global markets.

Members gain access to a trusted ecosystem of experts committed to balancing innovation with accountability, enabling organizations to deploy AI responsibly while managing risk and protecting stakeholder trust.
